

CIVICS IN ACTION

ANH Bar Foundation & NH Bar Association Program

SAMPLE INTRODUCTION: (this should be prepared by the Ambassador and given to the community organization/club member doing the presentation introduction)

Today's program is called *Civics in Action*. It aims to educate the public about how our government works and remind us of our rights and responsibilities as citizens.
The NH Bar Association, intend to present this *Civics in Action* program to community organizations/clubs in New Hampshire!

Civics in Action programs will be presented by NH Bar Association members who are volunteers.

Here to explore civics with us today is [*Attorney (Your Name) of the NH Bar Association*].

[*Attorney ----- is a partner in the law firm of -----, and chair of its -----.* He/She represents companies in employment matters and business disputes and has tried cases in state and federal court as well as counseling employers in risk management].

Information in *italics* to be personalized by each Ambassador.

SAMPLE CLOSING REMARKS: (this to be prepared by the Ambassador to close his/her presentation)

Thank the community organization/club for allowing *Civics in Action* to present at their organization/club.

Offer a final thought... fundamental aspects of our lives that we most depend on, we often take for granted... maybe in that category.

We hope this presentation helped you think about **the rule of law and the US Constitution** a bit more...Our **Constitution not only prescribes government structure, it protects us from any branch** overreaching into our lives.

Refer to the American Legacy booklets and quiz sheets...

Suggest that they read the Constitution, take the civics question sheet back to your office or your home -- see how your co-workers, your family, your kids do...Could they pass the test?

Refer them to the Bar website – www.nhbar.org for more resources.

We hope you enjoyed this *Civics in Action* effort.
