Malpractice Insurance is one of your single most important purchases and should not be purchased on price alone. Like most things in life, you get what you pay for. When you have a personal, medical or legal concern, you would seek the advice of a specialist. The same holds true with your professional insurance. Although many agencies say they offer these products, few are familiar with the companies offering specific coverage and the differences between policies. Align yourself with an agent or agency such as Amity that specializes in meeting the insurance needs of the legal community.

Products and Services include:  
Legal Malpractice Insurance, Bonds, Workers' Compensation insurance, Employment Practices Liability insurance, General Liability Insurance, Cyber Liability Insurance.

NEWS: Law firms are now struggling to renew or obtain strong Cyber Liability Coverage. This is due to the data that most firms have and the lack of controls in place to protect these assets. With this merger, 603 Legal Aid seeks to improve the already robust efforts to expand access to justice for New Hampshire's most vulnerable residents.
