

Full-time Attorney

The landscape of the practice of law in New Hampshire has changed in recent years and caused many attorneys to reevaluate their career path. Attorneys seeking greater fulfillment in their professional lives have found themselves in a system that often measures their worth by billable hours instead of how many people they help or lives they change. If that resonates, please read on. There is no other job in the legal profession quite like that of an OPG attorney.

The Office of Public Guardian (OPG) is a private, non-profit corporation dedicated to providing guardianship and advocacy services to legally incapacitated adults, including those challenged by developmental disabilities, mental illness, dementia or traumatic brain injury. The organization is unique and the work both challenging and personally and professionally rewarding. Every day, OPG's dedicated staff makes a difference in the lives of some of the state's most vulnerable citizens.

OPG's legal services department is tasked with supporting OPG's mission by representing the organization and its clients throughout the state. Working alongside guardians, client resource specialists, and estate and trust managers in a collegial environment, OPG attorneys protect the human and legal rights and civil liberties of each individual we serve.

The work is never routine but is consistently challenging and rewarding. The ideal candidate is experienced in the areas of guardianships, trusts and estates, state and federal benefits, and landlord/tenant law.

Benefits include a competitive salary, 12 paid holidays, hybrid work opportunities, company paid life insurance, health and dental insurance, short term and long term disability, paid time-off, 403(b) retirement plan with employer contributions, travel reimbursement and use of an on-site fitness center.
